Subject: RE: LCD Part A Reconsideration Process

Dear Ms. Solich,

You are correct that ICD-9-CM code 585.6 should not be included as a covered diagnosis in either of the local coverage determinations (LCDs) cited in your request. I will be revising both of these LCDs to remove this ICD-9-CM code. We will allow at least a 30 day notice for this change since coverage is being restricted.

Thank you for bringing this matter to our attention.

Please let me know if you have any additional questions or concerns.
